

1920's

Choose What to Write

Below are four writing assignments. Complete any two.

1. Write a paragraph that completes the following

Identify one event in the 1920's that has influenced social change.

- Discuss the historical circumstances surrounding the event
- Show how the event was intended to bring about specific social change
- Evaluate the extent to which the event was successful in bringing about that change

2. Write a paragraph that completes the following

Identify one consumer product in the 1920's and

- Discuss the positive and/or negative effects of the technological development on the United States economy or on American society

3. Write a paragraph that completes the following

- Explain why isolation existed in the 1920's
- Discuss two ways that isolationism impacted America

4. Write a paragraph that completes the following

- Discuss actions taken by the United States government that affected the immigration of people to the United States in the 1920's
- Explain how these policies or actions reflected the needs and attitudes of American society at that time

The paragraph must be long enough to complete each bullet as if you were writing a body paragraph for an essay. Recommended minimum length is:

6 lines of paper And/Or 6 complete sentences
