No Taxation without Representation: Events Leading Up to the Revolutionary War

We just completed the taxation activity!

1. What was so unfair about how the class was taxed?

2. How could it have been handled more fairly?

Take out the British Actions & Colonist Reactions handout. Using a highlighter, highlight all of the key terms such as the names of laws that were passed, boycott, names of groups or organizations that were created (ex. Sons of Liberty), and major events that took place (ex. Boston Massacre).

3. Why were British goods boycotted?

4. What methods and organizations were devised by the colonists in order to resist or avoid these laws?

5. How important were these laws to the American Colonists' break from Great Britain?

6. What did you learn from this experience in class today?
